Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: a

Independent claims 1, 25, 44, 63, 66, 72, 73, and 74 are allowable over the prior art of record because the examiner found neither prior art cited in its entirety, nor based on the prior art found any motivation to combine any of said prior art. The following limitations were not found in the prior art of record: an obtaining unit, adapted to specify the address location managed by said management unit based on the ID information input by said input unit, to communicate with an external apparatus via a network based on the specified address location information, and to obtain the address information residing at the external apparatus corresponding to the location specified by the address location information; and a control unit adapted to judge whether or not the address information is to be obtained based on the ID information input by said input unit, and to control said obtaining unit according to the result of the judgment, wherein said communication unit transmits the data to the destination designated from the address information obtained by said obtaining unit.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
